

Pharmacy Benefit Overview

Express Scripts

- Access affordable prescription drugs safely and efficiently

- Saves approximately \$32 billion each year

- Nearly 100 million Americans and thousands of clients served

Drug List: Medications Covered by Your Prescription Plan

- Routinely reviewed by an independent panel of physicians and pharmacists to ensure you receive clinically effective care

- Preferred medications, including generics and brand-names

- Talk with your doctor about moving to preferred generics

PHARMACY BENEFIT OVERVIEW

Generic Prescriptions

FDA-approved generic medications contain the same active ingredient as brand-name counterparts.

9 out of 10 prescriptions filled in the U.S. are for generic medications

Review your medications regularly with a doctor pharmacist and ask, *"Is there a generic for that?"*

Use the Express Scripts® mobile app or visit [express-scripts.com](https://www.express-scripts.com) to find a generic or price a medication

Step Therapy

Helps reduce costs and ensures that you receive a safe and proven-effective medication

First step medications are typically generic and lower-cost brand-name medications

Second step medications are best suited for the few patients who don't respond to first step medications

EXPRESS SCRIPTS®

Prior Authorization: Monitors Prescription Medications

- Makes sure your prescription is suitable for the intended use & covered by your prescription plan

- Simply means that more information is needed to see if your plan covers the medication

- To get the prior authorization started, please contact your doctor's office

Drug Quantity Management

Verifies the correct quantity – either tablets or capsules – of the medication

Most cost-effective product strength is dispensed and helps reduce waste

Express Scripts makes sure you receive the amount – or quantity – considered safe & effective by the FDA

Smarter Pharmacy Consumer

Ask your doctor for a generic or a lower-cost equivalent

Use the most cost-effective pharmacy option and don't be fooled by coupons

Take your medications as prescribed and set reminders to help you stay on track

EXPRESS SCRIPTS®

PHARMACY BENEFIT OVERVIEW

Resources for You

- Download the Express Scripts® mobile app for free – go to your mobile device's app store and search for “Express Scripts.”
- Create your digital profile at express-scripts.com or on the Express Scripts® mobile app – which helps you connect to:
 - Your digital prescription ID card
 - Lower-cost medication options
 - Nearby, in-network pharmacies
 - Easy medication refills
 - Home delivery with order tracking

Call the customer service number on your ID card – available 24/7 for general support or to talk to a specially trained pharmacist for complex concerns or health conditions.

PHARMACY NETWORK

- *Bronson members have access to a broad network of pharmacies across the country. Express Scripts negotiates with retail pharmacies to provide the safest and most affordable retail network.*
- *Long-term prescriptions are taken over a sustained period of time to treat chronic conditions.*
- *For cost savings and to help in adherence, you can get a three-month (90-day) supply of your long-term medicine instead of a one-month (30-day) supply. Use Bronson Pharmacies or Express Scripts Home Delivery for your long-term medicines. Specialty and long-term medicines are required to be filled at Bronson Pharmacies to have coverage.*
- *Talk with an Express Scripts' patient care advocate or pharmacist by phone 24/7/365 by calling (800) 711-0917.*

DELIVERED TO YOU FROM EXPRESS SCRIPTS PHARMACY®
