your benefits.

Who is UMR?

UMR is a UnitedHealthcare company. We're here to guide you in your health care experience and help you live a healthier life.

At UMR, our job is to support you and your family as you engage in your employee benefits plan. In this booklet, we'll walk you through your plan to give you a better understanding of what it all means.

UMR is a third-party administrator (TPA). Your employer hired us to handle many of the tasks associated with managing your health benefits. We are not an insurance company. Your employer pays the portion of your health care costs not paid by you.

Your health hub

Getting your benefits information is easy using umr.com or the UMR app. With both the website and app, you can:

- View **Things to do**, your personalized to-do list
- Check your benefits and see what's covered
- Find a doctor in your network
- Locate and download important forms
- Look up what you owe and how much you've paid
- Find tools for improving your health
- Read *Healthy You*, UMR's digital lifestyle magazine

Here to help

UMR wants you to feel confident you're making the right choices about your family's health. So, we've assigned a team of Plan Advisors to answer your questions and help you get the most from your health care benefits.

A single call to UMR can put you in touch with a benefits specialist who can help make navigating health care easier for you.

Our plan advisors can:

- Help find a doctor who's right for you
- Ensure you're covered and look up the cost of future services
- Connect you to free resources to help you stay healthy

1. Locate your UMR ID card

Your ID card is the key to getting the health care you need when you need it.

Your card includes your member ID number and network information your health care providers need to file claims for services you receive. If you don't already have your ID card, you should be receiving it in the mail soon.

Make sure to show your new ID card at your next health care visit or trip to the pharmacy. You can carry your actual ID card, or you can access this card any time by signing in to the UMR app.

To learn more, read [Understanding your new ID card](#), which is also included in the *Helpful tools and resources* page in the back of this booklet.

FAQs:

What if I have a dependent who is on another insurance plan?

If you or one of your dependents is covered under more than one medical or dental plan, UMR needs to know. We use this information to process your claims quickly and accurately.

UMR requires you to give us updated information about other insurance every year. Even if you or your dependents aren't covered under another medical or dental plan, we still need to know.

Updating other insurance information is easy. You can either:

- Call **1-866-586-0613**
- Go to umr.com or download the **UMR app** and submit your other insurance via an electronic form

If my spouse or dependent is also on my plan, how do I see their information?

Dependents will be asked during the registration process to select family members they will allow to view their personal health information. To register, have your covered family member visit umr.com and create a HealthSafe ID.

If your spouse or adult dependent has already registered for online services, your covered family member can sign into umr.com to access their account settings.

When do my benefits start and end?

The benefits you choose during open enrollment will activate on **Jan. 1, 2024, and end on Dec. 31, 2024**. For new hires, benefits will begin on hire date or newly benefit-eligible. Benefits will end on the last day of employment or the last day in a benefit-eligible role.

What if I need to make changes to my coverage?

Your benefit preferences cannot be changed until the next open enrollment period. An exception is if you have a qualifying change in status and you let human resources know within 30 days of that change.

A qualifying change in status could include:

- Marriage
- Legal separation
- Divorce
- Birth or adoption of a child
- Change in a dependent status
- Change in a spouse's benefits or employment status
- Loss of other coverage

USE your benefits

Now that you're familiar with how UMR can support you and your family, find out how to get the right care at the right time and start using the benefits available to you.

Where to go for care

Your employer has given you access to a preferred provider organization (PPO) network through UMR.

Find an in-network provider today

A preferred provider is any doctor, hospital or other medical facility that is part of your PPO network. They are sometimes referred to as in-network providers. Seeing a preferred provider within your network is important because it means you will pay less for medical services.

CHECK your options for care

Go to umr.com or download our app.

CHOOSE your care provider

Select **Find a provider**. Search for your PPO network listed to the left. If you need help, you can call the number on your UMR ID card.

GO get care

Use the chart on the next page to decide the best place to go for different situations.

Your PPO networks:

Your Tier 1 network: Bronson

Your Tier 2 network:
UnitedHealthcare Choice Plus

Other benefit carriers:

Pharmacy: Express Scripts:
800-711-0917

Dental: Delta Dental: 800-462-7283

Vision: Vision Service Plan (VSP)
800-877-7195

Choose the right type of care

Where you go for medical services can make a big difference in how much you pay and how long you wait to see a health care provider.

The chart below can help you select the right level of care for your needs.

Understanding your EOB, as easy as 1, 2, 3

An explanation of benefits (EOB) is not a bill. It simply tells you everything you might want to know about how your recent medical service was covered by your benefits plan. You'll receive a bill from your provider for any amount you may owe.

1. Cost summary

The first page of your EOB is a summary of how much your provider billed, how much was covered by your plan and the total you may owe to your provider.

2. Benefits update

On the next page, you'll find a breakdown of how much you and/or your family have applied toward your annual deductibles and out-of-pocket amounts.

Deductible: The amount you have to pay before your plan pays for specified services. Deductibles are usually an annual set amount.

Out-of-pocket: The most you could pay during a coverage period (usually one year) for your share of the costs of covered services. After you reach your "to go" amount, the plan will usually pay 100% of the allowed amount.

3. Service and payment details

This section includes information about who received the medical service, the name of the provider and what types of care they received. It gives you a breakdown of how the claim was processed, including:

- How much your provider billed
- Your network discount
- The amount paid by your employer-sponsored plan
- The amount you may owe, including copays, deductibles and out-of-pocket amounts

1

Here's a summary for you.
Detailed claim and benefit information is located on the following page(s).

Amount billed:	\$500.00	This is the total amount that your provider billed for the services that were provided to you.
Your discount:	\$100.00	Your plan negotiates discounts with providers and facilities to help save you money.
Your plan paid:	\$260.00	This is the portion of the amount billed that was paid by your employer-sponsored benefits plan.
You saved:	\$360.00	72% of your service was covered by your plan discounts and/or your employer-sponsored benefits plan.
TOTAL YOU MAY OWE:	\$140.00	The portion of the amount billed that you may owe to the provider. This amount includes your deductible, co-pay, co-insurance and non-covered charges. Not allowed amounts and any amount you paid when you received care may not be reflected in this amount.

UNLOCK your healthiest self

Congratulations! By taking the time to understand and use your benefits, you've already made an investment in your health.

This next section highlights the additional services available to you, along with a few different health care terms and their definitions to help you better navigate the world of health care and your benefits.

UMR CARE

Few things in life are more important than the health of you and your family. UMR CARE is on your side to help you understand all your medical care options.

UMR CARE has a staff of experienced registered nurses (RNs) who help you get the most out of your health plan benefits. They work with you, your doctors and other medical advisors to get the services that best meet your needs.

Our expert CARE nurses can guide you before, during and after your medical care. They will listen to your concerns, answer questions and explain your options. You will also receive automatic reminders about recommended medical appointments, vaccinations and more to help you stay on top of your health.

Clinical advocacy relationships to empower (CARE)

Our nurses meet you where you are and empower you on your health care journey.

Here for you in times of crisis

If you or a family member experience a serious injury or long-term illness, we have UMR CARE nurses to help at no cost to you.

They will assist you with your medical care and treatment decisions by:

- Serving as your advocate with your benefits administrator
- Reviewing treatment needs and options under the direction of your doctor
- Negotiating treatment from the beginning of your care to recovery
- Providing an understanding of any complex issues to your claims payer
- Helping you better understand your health benefits

Common health care terms

Let's face it. Understanding health and benefits terms is like learning a foreign language for most of us. Knowing the difference between coinsurance and copayment can be confusing. And deciphering an EOB from COB shouldn't require a PhD.

Fortunately, you don't need a foreign language professor or CIA code-breaker to understand all of these terms. Our own UMR team of language experts have already defined them for you.

Coinsurance

A set percentage of costs that are covered by your plan after your deductible has been paid. Your plan pays a higher percentage. You pay a lower percentage.

Coordination of benefits (COB)

Many families are covered by more than one health plan. The coordination of benefits (COB) process determines which plan pays first. It also determines if the second plan will pay any remaining charges not covered by the first plan. The process makes sure your doctor doesn't get paid twice for the same service.

Copayment

A small set fee. It is paid each time you have an office visit, outpatient service or prescription refill. The fee is determined by your health plan. Copayments don't vary with the cost of service.

Deductible

The amount you have to pay before your plan pays for specified services. Deductibles are usually an annual set amount. A deductible may apply to all services or just a portion of your benefits. It depends on your benefits plan.

Explanation of benefits (EOB)

An EOB is simply the statement explaining your benefits activity. It includes the services provided, the amount billed and the amount paid, if any. You should review your EOBs carefully. Call the customer service number on your UMR ID card or visit umr.com if you have any questions about your EOB.

Out-of-pocket

The amount you pay out of your pocket for particular health care services during a particular period of time. An out-of-pocket maximum limits the amount you have to pay during a particular period of time.
