

## **Welcome to Bronson's Endoscopy Unit**

Thank you for choosing Bronson for your procedure. Your safety and privacy is our priority.

Our providers and staff want to ensure that every patient receives a complete examination. A specific time has been set aside for you but because we are caring for patients in the hospital as well as outpatients, emergencies may arise. This can cause our providers to run behind. This may move your procedure time back. We will inform you if this happens. If this happens and you need to reschedule your procedure, please let us know.

### **Driver**

**Your driver is required to be present in the building during and after your procedure. Your driver must sign your discharge instructions. This is hospital policy.**

### **Family/Friends**

Your driver/family/friend should stay in the waiting area unless you need help getting ready for your procedure. Patient privacy is our priority. Your support person will be allowed in the pre/post procedure area only with your consent. Only two people can be at the bedside.

### **Restroom**

The staff will let you know the time your procedure will begin. Please use the restroom at least 10 minutes before this time. If you need help, please turn on your call light.

### **Cell Phone Use**

Cell phone use is permitted. Taking pictures or video of a patient is not allowed.

We want our patients and their support teams to have a positive experience. Please let us know if we can make your visit more comfortable.

Thank you for allowing us to care for you.
